36 INT. LECTURE HALL. DAY

37

38 **Yu Sun**, a professor of computer science at Cal  
39 Poly Pomona, walks into the classroom.

40

41 **YU**

42 Okay everyone. Today is the day  
43 you all demo your project. I'm  
44 very excited to see what you  
45 all came up with.

46

47 The first group gets up. They all look tired and  
48 extremely nervous. One member of the group walks  
49 up to the podium.

50

51 **GROUP MEMBER**

52 I'm sorry professor, but our  
53 project does not work.  
54 We have no demo.

55

56 **YU**

57 Wow. That is too bad.  
58 You all fail.
